## POULTRY SHOW IN BALDRIDGE BUILDING

As the business house belonging to John McGrath cannot be used by the Monett Poultry Association, having been rented, the Association has secured the use of George Baldrige's new building at the corner of Seventh and Broadway, to be used for their annual show.

Mr. Baldrige was very accommodating in letting them use his place, as he had to move out during the show. The building is 25 by 70 feet, new and clean and well lighted. It will make a fine exhibit room.

The members of the Association believe the show this year will be one of the best they have yet held. The show dates are December 27, 28, 29 and 30.

## MANY EXHIBIT AT HEART OF AMERICA SHOW

The Heart of America Poultry Show held at Kansas City November 29 to December 4, was one of the largest ones ever held in the middle west. There was a total of 1,350 birds entered in the single class, 900 birds in pens, 50 in display cages, 100 turkeys, 100 bantams, 700 pigeons, 225 cats and about 100 rabbits and cavia.

Nearly 15,000 people visited the show. All the leading varieties were represented by birds of the highest quality. In many respects it was the greatest show ever held in Kansas City. Lester Howell of Monett exhibited his Partridge Wyandottes at this show and received first cockerel, first hen, second pullet and second cock.

## KINGS PRAIRIE

For over two weeks the plows on the Prairie have been kept busy turning the soil.

Death has again visited our community and claimed Grandma Moody last Thursday. Funeral services were held from the New Liberty church, conducted by the pastor Rev. Stribling. The church was filled with sorrowing friends who came to pay their last respects to Mrs. Moody who was loved by every one on the Prairie.

B. S. Stribling says he would thank his friends and neighbors for their kind favors and useful gifts during the coming holiday, while convalescing at his home on the Prairie. A friend in need is a friend indeed.

Frank Wightman has gone into the poultry business, and anyone who is interested in poultry raising would do well to visit his ranch. There is not another ranch in the country its equal which is modernly equipped in every way.

The two couples on the Prairie that were married a few days ago, sprung a complete surprise on the community. Only the home folks, the county clerk and the minister knew of their secret.

Miss Bessie Carter was forced to miss several days of school on account of a very sore arm caused from vaccination.

B. S. Stribling is regretting the loss a white bed spread on his way home from Mount. It had been in the family for a number of years.

Those who have been trading in Monett for years, say that they have never seen such a lavish display of holiday gifts as there are in the windows and stores. It is a great temptation to pass down Broadway.

E. R. Stribling and family motored out and attended 11 o'clock service at New Liberty last Sunday, and following church were dinner guests of Mr. and Mrs. Mrs. Allen Jackson. There was also a party of young folks present.

Mr. and Mrs. Felix Carter, of Pueblo, Colo., have announced the arrival of a beautiful baby girl at their home. They have named her Geraldine.

## FRISCO REVISES TRAIN SCHEDULE

Two Trains Are Restored to Service and Two Locals Will Be Dropped.

Joplin, Dec. 20.—Following protests by the Chamber of Commerce and business interests of Joplin, backed up by action by the Missouri public service commission, the Frisco railroad has revised its new passenger train schedule, which became effective Sunday morning. Trains Nos. 316 and 317, operating between Wichita and Monett, via Joplin, have been restored to service, and trains Nos. 307 and 308, locals operating between Joplin and Monett have been discontinued.

Trains Nos. 316 and 317 were restored yesterday, and trains Nos. 307 and 308 are to be discontinued today according to an official announcement.

While the changes are considered by business men as beneficial, they are not satisfied with the new time schedule, and are seeking to restore the old schedule. The state public service commission is working through the interstate commerce commission to restore trains Nos. 311 and 312, the time schedules of which have been changed to the serious inconvenience and injury of business interests of the city.

Trains Nos. 316 and 317 have been restored to their former time schedules, except that they will operate between Wichita and Monett instead of Wichita and Springfield. No. 316 leaves Monett at 10:30 a. m., arriving in Joplin at 12:15 p. m., leaving at 12:25 p. m., and arriving in Wichita at 8:30 p. m. No. 317 leaves Wichita at 8:30 a. m., arrives in Joplin at 3:10 p. m., leaving at 3:20 p. m., and arriving in Monett at 5:15 p. m.

Restoration of the trains is considered by business men as an improvement to service, since Joplin's connection with a large trade territory east and south into Arkansas is not severed.

Trains Nos. 307 and 308 operated only one day. The schedule was Leave Monett at 8 a. m.; arrive in Joplin at 10:20 a. m.; leave Joplin at 4:15 p. m.; arrive in Monett at 6

## LETTER FROM MRS. P. H. KNIGHT

In sending her annual check for subscription to The Times, Mrs. P. H. Knight, formerly of this place, now of Thermopolis, Wyo., writes:

"We are still in Thermopolis, Wyo., and like it very much out here. We are in business for ourselves, just undertaking exclusively. This is quite a health resort. We have the most wonderful Hot Mineral springs, I think I would be safe in saying, that there is in the United States.

"The only thing one could dislike about Thermopolis is that this year there has been so much crime committed, have had sixteen homicides. That's going some considering the small population we have.

"There are a large number of Missourians here. The natives of this place say that 'The white people took it away from the Indians and now the Missourians are taking it away from the white people.' No matter where one goes they roast the people from Missouri, nevertheless, I am for Missouri first, last and all the time."

## A DOG'S DEVOTION

Mrs. C. Slyfield, who recently returned from California, tells of the devotion of her little dog, Sam, which she took with her to the Western state. She gave him away three times and each time he found his way back to his mistress. At one time she gave him to a friend six miles from where she was staying at Seabright. Then she went six miles in the opposite direction for a few weeks' stay. Her friend said that every night the little dog would disappear and then would return the next morning. One morning Sam arrived at Seabright where Mrs. Slyfield had been staying and remained there. Word was sent to her that her dog was back. When Mrs. Slyfield returned the little fellow was pathetic in his happiness. She did not have the heart to give him away again and brought him back to Missouri with her.

## FRANCE TO ACCEPT 1.7 NAVAL RATIO

London, December 19.—France will accept the original naval ratio laid down by Secretary Hughes at the Washington conference. Premier Briand informed George Harvey, the American Ambassador, at a meeting last night. He authorized the Ambassador to notify the American Government to that effect.

Although Premier Briand's authorization, which has already been conveyed to the French delegation in Washington and the American State Department, makes no mention of submarine, there is reason to believe that the French proposals regarding undersea craft were discussed by Briand and Ambassador Harvey. It is hinted that the French may have more to say on the subject.

Squibb's class of young men of the Methodist Sunday school will be entertained with a mulligan stew at 6:30 o'clock Wednesday evening at the church, to celebrate the event of that class reaching Chicago first in the automobile race between San Francisco and New York City, in which the classes of the Methodist Sunday school are the participants.
